Thanks for your article.

Your article can be published earliest in **December 2022** as no article can be included in the July 2022 issue. Only acceptance can be given after receipt of dues. If you are willing for it, your article will be evaluated for dues.

**Check and delete all references up to 2014.** Be sure that each reference in text is in references and vice versa. There must be **10 references** of journals of 2015 and onwards. No need for old references even in materials and methods as all methods are standard ones. Use **and** in place of **&** both in text and references. You need to change almost all of your references.

Mention name, email and **mobile number** of corresponding author.

Give name of department, university with complete address of corresponding author. No abbreviation please.

Instruction to authors enclosed for ready reference especially for references. Give name of authors, year (in bracket), title, journal name (In italics), volume (in bold) and pages. If pages are missing, mention DOI. Use **and** in place of **&**

Article is written only in the **past tense**, as it is written after conducting the experiment. Change tense.

For **coloured** photographs try in another journal, as we publish only **black** and white photographs.

Bajrang Chaudhary <bajrdass@gmail.com> kepada saya

Thanks for your article, which will cost you Rs. 6500/- to be deposited in Current Account No 20113401111 of Agri Bio Publishers, in Bank of Maharashtra, Hisar; IFSC code MAHB0001203; SWIFT CODE: MAHBINBBPAN. Or you can send foreign draft payable in India. Best you ask someone to pay in India. You will get acceptance only after dues comes in. Due to COVID 19 in India, banks are taking extra time in collection. Western Union and MoneyGram are not working in India.

Your article will be published in December 2022 in **Annals of Biology**.  
Figures will be published as **black** and white. For **coloured** photographs try in another journal  
Be sure that each reference under references is mentioned in text and vice versa. Volume and page numbers are missing in number of your references. Give volume and page numbers or doi.

Your article is enclosed after corrections particularly tense. Critically go through it. Make corrections if any, only in this article that too in **COLOUR** or **boldness** as **no one has time to read your article again. Best is to delete and add in different colours.**

Ref. No. AOB/2022/22

Dated: 20.05.2022

Dear Dr. Agus Suyanto,

The paper entitled “**Ability Test of *Trichoderma harzianum* in Inhibiting the Growth of *Phytophthora palmivora* Causing Black Pod Disease of Cocoa**” by “**Agus Suyanto, Hamdani and Agnes Tutik Purwani Irianti**” has been received for publication in the Annals of Biology.

The paper has been given a MS No. 2022/50 which should be quoted while making future correspondence about the paper.

I am happy to inform you that subject to editorial corrections the above referred manuscript has been accepted for publication in Annals of Biology. Every effort will be made to accommodate it in coming issue of Annals of Biology.

Yours sincerely,

(Editor)
